Scottish Invasive Species Initiative - Seasonal Project Officer

Employer: Tay District Salmon Fishery Board

Salary: £30,076 pro-rata

Contract: ending 31 July 2027, start date as soon as available in February or March 2027

Hours: Full time or potential to work on an agreed part-time basis

Location: Tay DSFB, Unit 6, Cromwell Park, Perth PH1 3LW

Your role: The Scottish Invasive Species Initiative is a multi-year project in northern Scotland, which aims to encourage communities to tackle invasive non-native species such as Japanese knotweed, giant hogweed and American mink. It is funded by the Scottish Government's Nature Restoration Fund.

We are looking for a dynamic and enthusiastic person to join our team as a Seasonal Project Officer. The Seasonal Project Officer will work across the North and South Esk, Tay and Eden catchment areas and, with the Project Officers and Volunteer and Communication Officer, deliver the project this summer. You will be involved in all local aspects of the project: volunteer recruitment and management, control of invasive non-native plants and American mink species control, monitoring and record keeping and communications. This is a great chance to work in a nationally important project, gain or enhance your experience and make a real difference to Scotland's nature.

A full job description can be found here.

Applications: by **12 noon on Wednesday 06 January 2027** (late applications not accepted).

Interviews: Held (on Teams) on **Monday 18 January 2027.**

To Apply:

Please submit your CV and a covering letter (no more than 2 pages), outlining your relevant skills and experience for the job to sisi@nature.scot
